Perfect 240 Voltage For Your Sensitive Equipment

The **Power Shield Centurion Range** is a range of **True Online Double Conversion UPSs** and part of our Premium Range of products designed for users who require a higher level of battery backup to support critical applications.

Centurion RT

Comprehensive protection for mission critical devices such as sensitive networks, computers, servers, telecom & industrial applications.

- Rack or Tower UPS
- Extra large charger for rapid charging
- Generator compatible
- Easy shift LCD display
- Hot swappable battery design - optional extra battery banks
- Available in 1000, 2000 and 3000 VA models

From **\$1199** RRP

For **Critical Servers**

Centurion Tower

A permanent backup power solution for sensitive devices such as servers, critical applications & medical equipment. Perfect for areas with remote access.

- Extra wide input voltage range
- Selectable ECO mode for power savings
- Seamless transfer of power to batteries in case of mains failure
- Generator compatible
- Programmable power management outlets
- Emergency Power Off Function (EPO)

From **\$998** RRP

For **Sensitive Devices**

Centurion Rack Mount

Perfect where applications require remote connectivity & where heavy, industrial equipment is utilised.

- Wide input voltage range
- Programmable power outlets
- Generator compatible
- Backup time can be extended by plugging in additional battery banks
- Maintenance bypass available for all models

From **\$6500** RRP

For **Server Rooms**
